

## Prioritize and Eliminate Evaluation Questions

Example: The development of the Center for Public Technology's website

Evaluation Questions	Stakeholders	Importance to Stakeholder (High, Medium, Low)	Resources Required (Low, Moderate, High)	Timeframe (Short-, Medium-, Long-term)	Priority (High, Medium, Low, or Eliminate)
Was the website developed? How long did it take?	All	High	High	Short-term	<u>H</u> M L E
Has the site been properly maintained? What, if any, problems have been encountered?	All	High	Medium	Long-term	<u>H</u> M L E
Are local communities, agencies, and citizens using the website? Are there any problems with compatibility and connectivity?	All	High	High	Long-term	H <u>M</u> L E
How frequently is the site accessed? For what purposes is it accessed?	All	Medium	Medium	Long-term	H <u>M</u> L E
Were staff members trained in use of the functions of the site? What level of training was required?	Local governments, partner organizations	High	Low	Medium-term	H <u>M</u> L E
Are agencies experiencing more effective and efficient service dissemination?	Local governments, partner organizations, other states, cities, and communities	High	Low	Long-term	H <u>M</u> L E
Are citizens experiencing time savings in dealing with their local and state governments?	All	Medium	Low	Long-term	H <u>M</u> L E
What issues would other cities, states, and communities need to address if deciding to replicate this approach?	All	Low	Medium	Long-term	H M <u>L</u> E
